Re: New Zealand to / from Fiji – New Zealand Terminal Handling Charge

Dear Valued Customers,

Neptune Pacific Line (NPL) wishes to advise that following an internal review and alignment that effective 01st January 2021, NPL will be adjusting their New Zealand Terminal Handling Charge (THC) covering all import and exports on the NZ to / from Fiji trade lane as follows;

- 20' dry exports NZD 250 per 20'
- 40' dry exports NZD 350 per 40'
- 20' reefer exports NZD 300 per 20'
- 40' reefer exports NZD 400 per 40'
- Break bulk exports NZD 15 per revenue tonne

The New Zealand import and export THC will continue to be a separate surcharge and billed to the party that currently receives the other origin surcharges.

The change of the OTHC amount on the New Zealand export trades will require an adjustment of ocean freight rates from New Zealand so that the overall impact on a shipment booked on our services is cost neutral in relation to current OTHC level.

The THC on import cargo from the Pacific Island into New Zealand will also be aligned at the same level as the OTHC mentioned above, also from 01st January 2021.

Your local representative will be in touch with you to discuss the import and export THC and the adjustment to your ocean freight rates thus ensuring the increased THC remain "revenue neutral".

Thank you in advance for all your support and understanding, should you have any early points of clarity please don't hesitate to contact your regional Customer Service Team.

Yours Sincerely
